DETAILED ACTION

Allowable Subject Matter

1. Claims 1-5 are allowed.

Examiner's Amendment

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

A. **ABSTRACT:** Replace the abstract with the replacement abstract as follows:

The invention relates to an electronic component having an integrated circuit being packaged in a housing. The electronic component is adhesively bonded to an island of a leadframe, the island being designed to accommodate the integrated circuit and being dimensionally adapted to the base surface of the integrated circuit in order to minimize and prevent housing deformations.

B. Claim 1, line 6: Insert — “the integrated circuit being adhesively bonded such that the adhesive emerges from the base area of the island along at least one edge of the island” between “circuit” and “a”.

Authorization for this examiner's amendment was given in a telephone interview with Younghong Chen on 10-26-04.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

The references of record do not teach either singularly or in combination at least the limitations "a ratio between the base area of said integrated circuit and the base area of said island being from 0.7 to 0.9 for avoiding flexure of said housing; said integrated circuit and said island embedded in said housing so that a thickness of a housing region above said integrated circuit is substantially equal to a thickness of a housing region below said island" and "the integrated circuit being adhesively bonded such that the adhesive emerges from the base area of the island along at least one edge of the island" in an integrated circuit packaged in a thin quad flat configuration.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
